## Activity 1: RE

One day, a Jewish man set off on a long and tiring journey from Jerusalem to Jericho. As he strolled along the road, two thieves jumped out from their hiding place in the hills. They stole all of the Jewish man's belongings, including his clothes. Then, they hurt him and ran away. The Jewish man was so injured that he could not move.

1. Explain why the Samaritan was a true neighbour to the Jewish man.
2. Find out the meaning of the word 'generosity'.

A short while later, a priest walked by and saw the injured Jewish man on the ground. The priest did not help him. Instead, he just walked away.

The next traveller to pass by was a Levite who helped at the temple. Even though he saw the Jewish man, the Levite did not help. He just walked away.

Soon, a Samaritan walked by and saw the hurt Jewish man. At the time, Samaritans and Jewish people did not get along because they had very different beliefs. This meant that Samaritans and Jewish people often treated each other badly. However, this Samaritan still wanted to help the Jewish man and did not want to leave him.

The Samaritan covered the Jewish man with his cloak, put him onto his donkey and took him to a nearby inn.

The Samaritan bought medicine, wine, oil and bandages to help to heal the Jewish man.

Even though Samaritans and Jewish people did not often get along, the Samaritan showed real kindness. He was a true neighbour to a stranger.
